## CONDITIONS OF SALE

### Bidding

1. The placing of a bid will constitute acceptance of the conditions of sale.
2. All bids are per lot as numbered in the catalog. The right is reserved to withdraw any lot or lots and to group two or more lots.
3. Lots are sold to the highest bidder at one advance over the second highest bid. The auctioneer shall regulate the bidding and in the event of any dispute the auctioneer's decision shall be final.
4. The auctioneer shall not be liable for errors and omissions in executing instructions to bid.
5. Unlimited bids and bids believed not to be made in good faith will be respectfully declined.
6. Minimum bid on any lot is \$50.00.
7. All lots will be sold at the price for which they are knocked down by the auctioneer, plus a commission of 15%.

### Payment of Purchases

8. Successful bidders will be notified of lots purchased and must remit before lots are delivered. Persons who are known to us may, at our option, have purchases forwarded for immediate payment.
9. Terms are immediate payment in U.S. funds on receipt of the invoice. Payment by credit card will be subject to a 2% service charge.
10. The mode of shipment shall be at our option unless we are given specific instructions. A minimum charge of \$1.50 will be made in addition to postage, insurance, and handling.
11. Successful bidders agree to pay for lots as specified above and no credit is extended. For overdue accounts a late charge of 5% per month (minimum \$30.00) will be charged. Accounts are considered overdue after (30) days.

### Quality

12. Any lot, the description of which is incorrect, is returnable within ten (10) days of receipt and must be received within four weeks from the date of the auction. All disputed lots must be returned intact in the condition received. The following lots may not be returned without prior approval: lots from buyers who have had the opportunity to examine them before the sale; lots described as having defects or faults may not be returned because of faults; and, lots in which the buyer has bid more than double our estimate. No illustrated lot may be returned because of centering, margins, or other factors shown in the illustrations.

### Authenticity

13. All lots are sold as genuine, but should any lot be proved otherwise by written opinion of any responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided we are notified in writing within 14 days from date of sale that an opinion is being sought. If claim is not made within this period, no lots are returnable for any reason at any time. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$100.00. In the event an item is proved "not as described" it is returnable for a full refund. Any lot which has a certificate dated within the last five years is sold in accordance with the certificate and is not returnable for any reason including an opinion obtained in a new certificate after the sale. While we occasionally suggest what grade a coin may receive if certified, we do guarantee that grade (or any other grade) if a coin is submitted for certification.

1	1787 Massachusetts Cent Arrows in Left Talon VG+ perhaps better and lovely chocolate brown.	EST P	115-140	SE
2	(4) Diff incl 1723 Hibernia ha'pennies (2) both Harp Right variety, a 1773 Virginia halfpenny, & 1787 New Jersey cent (unattributed). All coins are F/VF by wear with the typical surface corrosion seen on early copper coins, but they are easily discernable. The Hibernia pieces were never popular in their native Ireland resulting in many being sent to the American colonies for circulation.	EST	160-200	SE
<b>Half Cents</b>				
3	1829 Classic Head XF some red shows in the recessed areas - hard to determine the originality. Nonetheless, an attractive coin for a Classic Head half cent and good for type.	EST P	100-125	SE
4	(4) Diff Draped Bust incl 1804 Crosslet 4 No Stems, 1804 Spiked Chin variety C8, 1807, & 1808. Coins appear F (+/-) w/ the typical imperfections.	EST	180-250	SE

7	1803 S-258 VF detail but the typical large cent problems are present s/a minor pitting and light corrosion.	EST P	180-230	SE
8	1810 S-282 VF detail but smoothed. Still appealing w/ rev a bit off-center.	EST P	320-400	SE
9	1818 N9 (R3) near XF by wear as many N9's were bluntly struck. Surfaces show even light verdigris but the coin is still quite attractive.	EST P	75-100	SE
10	1828 Large Date N6 VF+ by wear w/ a few marks. Surfaces show very light verdigris at the date and star 13, but the overall color is appealing.	EST P	70-95	SE

<b>Morgan Dollars</b>				
85	1878-CC Fine	EST	100-125	SE
86	1878-CC MS60+ frosty unc w/ medium peripheral toning and great eye-appeal. Rev appears MS65++	EST P	400-500	SE
87	1879-S PCGS MS64 blast white and quite attractive for the grade.	EST P	75-100	SE
88	1880-O MS60 perhaps better. White and very appealing for a date that usually comes very bag-marked.	EST P	125-150	SE
89	1882-CC MS63 in a capsule. Lovely white coin.	EST P	350-400	SE
90	1883-CC MS63 pure white.	EST P	260-310	SE
91	1884-CC ANACS MS63 in a GSA holder (no outer box) blast white.	EST P	270-310	SE
92	1884-S XF+ or nearly so, but the coin has been brightened.	EST P	70-100	SE
93	1885-CC Uncirculated pure white. The obv surface has been lightly altered (cleaned) in an apparent attempt to remove marks from Liberty's cheek. Nonetheless, the coin has a razor sharp strike, semi-prooflike surfaces, and remains very attractive.	EST P	410-480	SE
94	1885-S MS60+ Frosty and attractive but a few too many bagmarks to warrant a higher grade.	EST P	260-320	SE
95	1886-O AU predominantly white. A much better date in high grade.	EST P	85-110	SE
96	1888-S XF or very nearly so. Medium-toned original.	EST P	100-125	SE
97	1890-CC MS60+ frosty w/ natural light peripheral toning. Unfortunately, the bagmarks on this coin, while not severe, tend to be concentrated on Liberty's cheek, a prime focal area on a Morgan Dollar. Other than that, the surfaces are clean and original, and the coin's mint state status is unquestionable.	EST P	600-700	SE
98	1893 AU50 A white original w/ a nice natural appearance. With a low mintage of just 378,000 pieces, the 1893-P is scarce in any grade, thus a semi-key for the Morgan Dollar series.	EST P	400-500	SE
99	1896 NGC MS64 pure white.	EST P	70-85	SE
100	1896-O AU+ nice original. Given the scarcity (and price) of mint state coins of this issue, this coin is an attractive alternative worthy of a solid bid.	EST P	300-400	SE
101	1896-S VF perhaps better by wear darker in color but nicely highlighted. There are light hairlines from a careless wiping.	EST	100-125	SE

LOT	U.S. COINS		VALUE	
102	1899 MS60+ perhaps better. The anomaly of the later-date P-Mint issues with a recorded mintage of only 330,000. That mintage has been debated in numismatic circles for decades, but one thing is for sure, the 99-P is clearly scarcer than any neighboring dates among the P-Mint coins.	EST P	240-300	SE
103	1899-O (2) coins both nice frosty MS63 w/ subtle champagne toning.	EST	80-110	SE
104	1901 XF and appears brightened. Nonetheless a scarce date.	EST P	105-130	SE
105	1901-O NGC MS64 nice coin for the grade.	EST P	90-115	SE

No packaging of any kind came with the coin, so typical handling has rendered higher-grade specimens rather scarce.
